An opportunity to WIN

\$10,000 CASH!

Sponsored by Foodland Stewiacke

CCM is a professional counselling centre for anyone in our community that is in need of help to overcome life's challenges. Individual, marital and family counselling is provided for both adults and children. Counselling sessions focus on concerns such as addiction, sexual abuse, depression and anxiety, and marital and family concerns.

CCM has been in operation since 1994 and is a community based, non-denominational, charitable organization, governed by a volunteer board and staffed by trained professionals. The counselling services provided are open to All people.

We are committed to offering quality, affordable counselling services. Over 50% of our sessions are conducted at a reduced rate. We rely on donations and fundraising events to make it possible for us to continue to offer these services to all in need.

Our Youth Centre, called SLATE, under the direction of HighRock Youth Ministries, our youth division is currently open on our main floor. It's purpose is to provide a hands-on, interactive, drop in Centre, which is a place for teens to develop friendships and find mentors in a safe, supervised and fun atmosphere, while developing life skills.

Our Extreme talk program is assisted by 20 professional facilitators to bring over 150 workshops to our Junior High schools to give teens the real facts on issues that are relevant to them, from anger management, bullying, suicide prevention to building healthy relationships. This program provides our teens with information to improve the outcome of their lives and empower them to make healthy informed decisions.
